EXPERIENCE

IT Service Desk Agent | 03/2019 -

Bellevue College IT Services | Bellevue, WA

Assist students, faculty, and administrative staff in resolving various technology-related problems including but not limited to: remote access services, Canvas Learning Management System, and software/hardware troubleshooting.

Associated Student Government Treasurer | 09/2018 -

Bellevue College Student Programs | Bellevue, WA

Responsible for the overall administration of the ASG budget with over \$500,000 from four different accounts.

Machine Learning & Visual Data Intern | 07/2018 - 09/2018

Port of Seattle | Pier 69 - Seattle, WA

Built and utilized Machine Learning models. Actively contributed to a time-sensitive prototype as well as defined and implemented several independent projects. Worked on an Air Cargo Computer Vision prototype, Facial Detection and Recognition system, Convolutional Neural Network to classify handwritten digits, and NLTK models to perform text sentiment analysis on Twitter tweets.

Lead Peer Advisor | 09/2017 - 06/2018

Bellevue College Welcome Center | Bellevue, WA

Guided over 200 students per academic quarter to become successful students at Bellevue College in giving Tours, Information Sessions, and New Student Orientations.
